YEAR IN REVIEW - 2015 was a busy year for Celebration Concerts, highlighted by **Chris Tomlin** bringing his semi annual, new record release tour to the West in April then including the region in his handful of Christmas tour dates; most of the Tomlin shows sold out. The other big news for 2015 was the **return** of the Spirit West Coast festival to **Del Mar** for a 1-day event that was part of the mega San Diego County Fair. The fall featured by 2 multi-city tours with incredible content; **Newsboys** (still VERY popular) and **Matthew West**, who really emerged as a strong concert favorite and whose shows included very strong ministry elements of salvation and encouragement.
